NORTHERN STORM PREVIEW

Storm 1st Division have had an up & down year so far in what has been a disrupted season for many teams. The boys will be very keen to put together some consistent performances over the next few weeks and consolidate a spot in the top half of the competition. There have been plenty of great moments from the Storm but losses in a few crunch games could hurt them later in the year. Meanwhile Coffs Tigers are getting back to full strength and last time out produced an upset 3-0 win over the previously undefeated Urunga Raiders. This will be a very tough game for two sides desperate to build a winning habit.

In U21's the Storm have now won 3 on the trot and are starting to look the goods. An excellent win last time against Orara showed glimpses of top class football. However the Tigers are capable on their day, having defeated top of the table Urunga 1-0 in their last match.
