The Under 21s took on an in-form Coffs United side last week and went down 3-1. Only one of Storm's losses in Youth League this year has been by more than two goals and they have scored at least two in all but 3 matches this season (it has been over two years since they have failed to score a goal).

## **NORTHERN STORM FC PREVIEW**

An undermanned Storm side struggled against competition leaders Coffs United last week, but still fought very hard and came away with a 3-1 loss. Both 1<sup>st</sup> division & U21's are having to dig deep with plenty of key players out at the moment. The Men will be keen to put that behind them and get a win on the board against Maclean, who have struggled to get a win in recent games. With a few players back on deck this week the Storm will be looking to finish the season strongly with some good performances and get some consistency.

U21's again matched it with United last weekend but could not finish things off. A few too many soft goals have seen the Storm struggle in their past few games. This is a good chance to get back into form against Maclean at home.
